8 p.m.—Choir practice.
Friday, 4:15 p.m.—Cub Pack.
7 p.m.—Boy Scouts.
H. Laurence Nobbs,
Priest-in-Charge.

I.O.D.E. APPEAL FOR SITE FOR MEMORIAL HALL

At the regular meeting of the town council on Monday night, a deputation of eight ladies from the Vimy Chapter, I.O.D.E., waited upon the council and through their spokesman, Mrs. F. M. Pinkney, announced their intention to erect in Blaimore a Memorial Hall and asked the council to be kind enough to furnish a site upon which a suitable structure might be erected.

The I.O.D.E. propose to erect a building costing upwards of \$6000, one third of which amount is already in sight. Some time ago, the council agreed that if the I.O.D.E. could raise \$500, the council would grant a like amount. The council assured the deputation that they intended to stand by that promise and in all likelihood would in addition furnish a site for the proposed building. The site suggested would be on Victoria Street, east of the Royal Bank of Canada building.

The council promised to give the matter more consideration at an early date, when a full council would be present.

The deputation also announced plans for the Memorial Day, or Armistice Day celebration, at which they desired the presence of the council, and also that His Worship the Mayor should preside.

A number of accounts were read to the meeting and passed for payment.

Councillor Mark Sartoris was appointed deputy-mayor for the next ensuing three months.

A whist drive and social will be held in the Lodge Hall tomorrow night, under the auspices of Livingstone Lodge, Knights of Pythias.

The engagement is announced of Margaret Hunter, eldest daughter of Mr. and Mrs. David Kemp, to Mr. Harvey Carmichael, both of Blaimore. The wedding will take place at the United Church on Wednesday, November 8th, at 6:30 p.m.

SPECIAL MEETING OF BLAIRMORE HOCKEY CLUB

A special meeting of the Blaimore Hockey Club was held at the Greenhill Grill on Tuesday night, presided over by Mr. L. L. Morgan. Mr. W. W. Scott acted as secretary of the meeting.

The minutes of a club meeting recently held were read and adopted. The financial statement presented showed a deficit for the past year of approximately \$280.

The question of possible material for a senior team for the coming season was given consideration. The consensus of opinion was that local district teams should be made up of local material, and the practice of importing players, such as adopted by Coleman the past two seasons, should be discouraged.

Upon motion, it was unanimously decided the Blaimore should have a senior team for 1925-1926.

A proposition was made that the local Order of Elks be asked to take over and operate the team, and a committee was appointed to take the matter up with that organization. Committee appointed: W. H. Chappell, M. G. Rhynas, W. W. Scott and M. A. Pruden.

Messrs. Rhynas and Scott were elected delegates to the Crows' Nest Pass League meeting to be held on November the 2nd. It was also decided to send a delegate to the A.A. H.A. meeting to be held in Calgary.

A further meeting will be held if the Elks turn down the club's proposition.

It was proposed to pick an all-star team from the league teams to represent the district in the provincial and other play-offs.

L.O.O.F. FIFTEENTH ANNIVERSARY

A very enjoyable evening was spent in the Lodge Hall last night (Wednesday), the occasion being the fifteenth anniversary of Blaimore Lodge No. 68, L.O.O.F. The hall was beautifully decorated with streamers, balloons, etc., and although unfortunately the electric lights were off, the effect in candle and lamp-light was very nice.

A considerable programme was gone through and solos by Mrs. S. Bannan, Mrs. D. A. Howe, Miss F. Palmer, Messrs. Bob Dicken and J. McAndrew were very well delivered and received. The duet, "Charlie and Katrina," by Misses W. Dicken and F. Palmer, took the fancy of all gathered in the hall.

Perhaps the most interesting event of the evening was the address on "Oddfellows" delivered by Mr. John Shevels, of Bellevue. Mr. Shevels, who is known as a forceful speaker on any subject, greatly impressed all present. This address was followed by the cutting of the lodge birthday cake in honor of the fifteenth anniversary of the institution of the lodge. Mr. Joseph Montalbetti, who has been a member of the lodge since its inception, did the honors in this connection, and this part of the ceremonies passed off very appropriately.

After a sumptuous spread, which included everything tasty, dancing was indulged in for a few hours to music supplied by Mason's orchestra. The billion dance was a scream. A prize was offered to the lady keeping her balloon, which was tied to the ankle, intact till the last. The prize, a silk, crocheted handbag, was won by Miss W. Dicken, who was safely piloted through all kinds of tight places by Mr. W. H. Chappell. The prize might have been awarded differently had not Sam Bannan been disqualified for packing his partner around on his shoulder.

The party broke up soon after 2 a.m., when the electric lights were very kindly turned on again to show the candle-light gropers to their respective homes.

REBEKAH'S SALE

The annual sale of work and tea held by the members of Crowview Rebekah Lodge proved to be the most successful yet put on by that organization. The articles put up for sale by the members were practically all sold and a nice sum was cleared.

Those successful in the drawing contests were: for the work basket, Mrs. M. Hamilton, with No. 22; for the gown, Mrs. T. S. Dawson, with No. 53; scarf, Mrs. H. C. James, No. 88; and the cake went to Mrs. F. Wheatley with No. 175.

The ladies wish to thank all the patrons of the sale and all those who contributed to the great success of the affair.

ELECTIONS TODAY

A heavy poll is being recorded in Blaimore and neighboring towns today and the returns will be looked forward to with unusual interest tonight.

Mrs. Nicholson is opening domestic science classes, commencing on Monday, November 2nd, at Mrs. Thibodeau's. Classes will be held at 1:30 and 8 p.m.

The congregations at St. Luke's church show a steady improvement. The newly formed choir are doing quite well and the Sunday morning congregation is bigger than ever. Should the support warrant it, from Advent Sunday, regular services will be maintained on Sunday mornings and evenings. There are a few vacancies in the choir.

APPEAL FOR SUPPORT OF TECHNICAL EDUCATION

C. B. Howe, the new president of the Students' Association of the Technical School, took the chair Wednesday evening, at the regular meeting, amid much applause, after Mr. Ross, vice-principal, had read the election results.

In his opening speech Mr. Howe made a strong appeal for the support of the student body in the effort to make the organization a greater success than it had ever been before. At the close of his address the students were entertained to a moving picture show, operated by students of the school—Calgary Herald.

C. B. Howe is the son of Mr. and Mrs. Walter Howe, of Blaimore. This is Charlie's second term at the Technical school, where he is studying engineering.

CARDSTON TEACHERS SUPPORT BLAIRMORE

At the organization meeting of the Cardston Local of the Alberta Teachers' Alliance, the decision was arrived at that the Cardston teachers were behind the Blaimore teachers in their suit against the Blaimore school board for illegal dismissal, and that their local alliance would assist them in a very material way by paying \$1.00 a month per teacher, which means that some \$45.00 a month will be sent to Blaimore to maintain the Alliance teachers there.

Most failures are simply people who start before they are ready.

RIF OPERATIONS AGAINST ENEMY ARE EFFICIENT

London.—In spite of the recent success of the French and Spanish forces in Morocco, news received at Gibraltar seems to show there are still strong forces which do not appear in the official communications and that even now the position of the Spaniards in Melilla and the French on the eastern front may not be altogether secure.

Last Sunday, near the junction of the Franco-Spanish forces on the eastern front, the French are said to have lost four complete batteries through a determined Italian attack and but for the prompt arrival of a Spanish air-squadron, the situation would have become serious. With the help of the Spanish air force, however, three guns were recaptured.

It is reported that on the same night a Spanish column in the Alhucemas section was attacked by Italian forces, dressed in the uniform of the Spanish native troops. The occupants of the posts were holding a concert and were completely surprised.

The whole position of the Italian front may not be altogether secure. The whole position of the Italian front may not be altogether secure. The whole position of the Italian front may not be altogether secure.

Remove Bullet From Heart Of Soldier

Wounded in 1915 Man Has Been Discharged As Cured

London.—Mike Kelly went to war and was wounded. He came back with a bullet in his body and a pain in his heart.

Now, ten years after the bullet hit him, it has been removed from his heart. Mike has been discharged from Queen Mary's Hospital, his case recent record "completely recovered."

Kelly was shot in the lung at Nova Chapelle, in the spring of 1915. Surgeons probed for the bullet but could not find it. The patient recovered and returned to the front in 1916. This spring Kelly complained of pain. He was X-rayed and the bullet was found lodged in the muscle of his heart. Getting the bullet out was as painful and dangerous as getting it in, but Mike survived the delicate surgery.

Great Reduction In Western Turkey Crop

Production Will Be Considerably Less Than Last Year

Ottawa.—The turkey crop throughout Western Canada this year will be a short one, according to information which has been received by the Dominion livestock branch. The crop will be considerably less than last year's, and the reduction is due to a combination of factors. A prolonged cold and wet spell, through the latter part of May and June, played havoc with the hatching and rearing in Manitoba, depriving not only the number of birds on the farms, but also their quality. It is estimated that in Alberta there will be a reduction of probably 25 per cent. from last year's crop.

New Arrival Showed Enterprise

Wine Prices For Dairy Products Four Months After Coming to Canada

Ottawa.—Four months after her arrival in Canada, Mrs. W. N. Smith won prizes for her butter, cream and cheese. Mrs. Smith, with her husband and six children, came to Canada from Glamorgan, Wales, under the British family farm settlement scheme in May. Now living near Milver, British Columbia, she is a full fair holder there who first prize for fresh butter, first for fancy butter, first for cream cheese, and second for cheddar cheese.

Air Traffic Quipped Up

Chicago.—A traffic cop in the sky to guard crowds from stunts filed in planned by Morgan A. Collins, police chief. He will ask the city to provide the police department with a small airplane, equipped with a repeating rifle and powerful searchlight.

Canada Trade Pact

Kingston, Jamaica.—The Legislative Council have ratified the trade agreement between Canada and the West Indies. Several members of the council expressed the hope that Canada would give preference to Jamaican goods.

W. M. U. 1920

Adverse Comment On Photograph Of Prince

Fancy Dress Picture Decried Dignity Of His Position Says London Paper

London.—Adverse comment is appearing in the newspapers with regard to the recent photograph of the Prince of Wales dressed as a pilot for appearance in amateur theatricals which was taken aboard the H.M.S. Repulse on his way home from his trip to West and South Africa, and South America. It is presumed this photograph had been circulated the world over. The photograph itself is harmless, even innocuous, the Prince's familiar features being scarcely recognizable. He is shown standing with a couple of male companions who also are in fancy dress.

The Manchester Guardian says: "The American press, as well as the English press, had dwelt on his importance as an ambassador of the British Empire. It was felt in England that a new atmosphere suitable to the dignity and years of His Royal Highness had come to the Prince and had been diffused throughout the world. Then, however, the photograph of the Prince in a pilot's uniform, and in a uniform, unfavourable photograph which goes to the world at the same time as goes the serious estimates of his services and character."

Predicts Radio Development

May See Newspapers As Complete Pictures In Forecast

Chicago.—Radio has a future in which entire newspapers will be flashed as complete pictures. International broadcasting will be commonplace entertainment. Instructions will penetrate to the remotest corners of the world and state will be under the eye of the world.

This is the vision of Major General James G. Harbord, president of the Radio Corporation of America, revealed in an address delivered before the National Association of Broadcasters at the University of Chicago.

In the near future, Major Harbord thinks, there must be an international conference "to settle grave issues that cannot be much longer delayed."

Disarmament Note Not Wholly Accepted

Germany Objects to Allies Demand Regarding Police Organization

Berlin.—Herr von Hoesch, German ambassador to France, who has been in consultation with the foreign office, will shortly write to the French government stating the German Government's final reply to the allied recent disarmament note. Fundamentally the German Government is prepared to meet the requirements upon which the evacuation of the Cologne area was made contingent. The only point on which an accord has not yet been reached concerns the demand of the allies that designations as to rank in German police organizations shall be abolished.

Settlers From Ukraina

Mennonites Arrive In West For Land Settlement

Saskatoon.—A party of 89 Mennonites from Ukraina have arrived here and will take up farms in Saskatchewan and Alberta. Most of the party will locate in the Northern district. Approximately 100 will settle in the Saskatchewan district while some will go into Alberta where arrangements have been made to locate a fairly large number.

The party was brought to Canada under the auspices of the Mennonite colonization board which has its headquarters at Winnipeg.

Tribemen Subdued By French

Washington.—Two United States destroyers have been ordered from Gibraltar to Alexandria, Egypt, to remain in readiness there for use in Syrian ports should their presence become necessary for the protection of American lives and property.

Poland Gets Loan

Warsaw.—Poland has been successful in negotiating a loan for \$1,000,000. M. Orskell, premier and minister of finance, informed the Warsaw press. The proceeds are to be devoted to economic restoration, particularly for the new issue bank of Poland.

Captain Of Liner Is Shot

Cap. Clews of C.P.R. Steamship Melita Is Killed At Antwerp

Antwerp, Belgium.—Captain A. H. Clews, commander of the Canadian Pacific liner Melita, was shot and killed in his cabin on the Melita while asleep. Thomas Towers, first officer, was charged with the murder. Towers' terrible deeds are thought to be those of one mentally irresponsible.

Captain Clews was a nephew of the late Henry Clews, of Lombard Street and Wall Street, who died in 1922. Two other officers of the Melita were seriously wounded by the captain's murder and are in an antwerp hospital. They are David K. Gilmore, of Glasgow, assistant chief engineer, and John Holliday, of Boston, England, second engineer.

The account of the tragedy gathered by the Antwerp police is that Towers went to the captain's cabin at 3:40 o'clock in the morning. A pilot shot was heard and the captain was found dead with a bullet wound in his head. The police say that Towers then entered Gilmore's cabin and shot the sailor in the face.

The noise of the firing brought other officers on deck, and in a struggle with Towers the second engineer was shot, twice in the lungs.

Other members of the crew eventually overpowered Towers and disarmed him.

GREECE DEMANDS HEAVY INDEMNITY FROM BULGARIA

Athens.—Greece has demanded an indemnity of 2,000,000 French francs from Bulgaria for the damage done to Greek property and lives during the recent Bulgarian invasion of Greece. The demand is set forth, such as an apology and punishment of the responsible Bulgarian officers, in an ultimatum sent to the Bulgarian Government.

Previously Pangalos declared this evening that Greek troops have not entered Bulgarian territory, but have been stationed along the frontier.

The initiative for additional military measures, he added, was left to the general commanding the Third Army Corps with headquarters at Saloniki. The shooting of frontier guards near Demotika, on the Greece-Bulgarian border is the cause of the trouble.

Zionist Student Called Martyr

Denies Charge of Attempted Assassination of Polish President

Warsaw, Poland.—Poland said to be threatened with a Dreyfus case, arising out of the attempted assassination of President Wojciechowski by a bomb at Lemberg last year. A Zionist student, Stanislaw Hladky, who was seen running away after the bomb was thrown, was arrested by the police on the deposition of a ballet dancer, Mme. Pasternak. Steiger vehemently protested his innocence from the Lemberg factory he ran away when the bomb was thrown, for self preservation.

The Jewish population is greatly agitated over the case, regarding Hladky as a martyr and is doing all it can for his defence.

Nominated For Peace Prize

Movement in Berlin to Award Nobel Prize to Stresemann

Berlin.—A movement to have the Nobel peace prize awarded to Gustav Stresemann, the German foreign minister, has been started by the National Zeitung. The proposal has as its motive the desire for international recognition of the minister's efforts and achievements toward establishing world peace and "the necessity of counteracting existing international and German propaganda by German international propaganda."

Alluding to Dr. Stresemann's qualifications for the Nobel prize, the paper declares: "There never was a statesman for other persons so active in promoting universal brotherhood and a new era of post-war peace."

Wine Gold Medal For Butter

Regina.—Winning gold medal for butter in the annual contest, Chris Hansen, employee of the Saskatchewan Creameries, Regina, defeated competitors from New Zealand, Australia, South Africa and the Channel Islands in a competition held by the colonial department of the London dairy, for better making.

To Make Dry Thanksgiving

New York.—Prohibition authorities have issued orders and restaurants have champagne and other liquors have been flowing freely. A dry thanksgiving day is predicted.

OUR CURRENCY AT HIGH LEVEL ON N.Y. EXCHANGE

New York.—The heavy transactions of recent date in Canadian wheat and the increased demand from tourists for the Dominion's currency are given by officials here as accountable for the high premium of 5-57 of one per cent. quoted on the local exchange for the Canadian dollar, which is necessitating gold shipments across the border.

In the present situation it is more probable to export gold from the United States than to buy Canadian remittances for remittance.

The bank of Montreal in New York is understood to have shipped about \$50,000 in gold during the last week and the New York Trust Company is transporting about \$200,000 worth of the metal to Montreal.

Object To Use Of Title

Wife of Former Emperor of Germany Opposes Republicanism

Stuttgart, Germany.—Efforts by the Republican Guards to begin proceedings against Princess Hermine, wife of former Emperor William, for alleged unlawful usurpation of the title "Kaiserin Hermine," have failed. An attempt to lodge a criminal complaint against her under the penal code, was passed at Stuttgart, but the court there refused the allegations for a number of years, which declined to present the charge to the district attorney. Likewise the public prosecutor would not take any action.

It was charged that Hermine designated herself as "wife of His Majesty, William II, former Emperor." It was also alleged that she was registered in the list of visitors to the Spa at Wildbad as "Empress and Queen," and that a local photographer issued pictures of her with the words, "Kaiserin Hermine, in Wildbad, 1925," on them.

Western Sugar Beet Refinery

Alberta Sugar Products Now Placed On The Market

Calbridge, Alta.—The first bag of sugar from the new factory of the Canadian Sugar Refineries Limited, has been placed on sale at Raymond. The factory began slicing beets last week. About 25 per cent of the beets have been harvested, operations having been started by the company.

There are 200 men employed at the factory while 500 are busy digging, topping and hauling the sugar beets. With threshing and beet harvest there is a keen demand for men throughout the province. Beets are averaging heavier than expected, some going 20 tons to the acre. The average will probably be about 12 tons. The average sugar content is 16, which is two per cent higher than in most United States beet growing districts.

National Economic Conference At Winnipeg

Move to Invite Delegates to Make Tour of the West

Edmonton.—Council of the Edmonton board of trade has decided to take the initiative in a movement to interest western boards of trade in having delegates to the National Economic Conference make a tour of Canada from Winnipeg to the Pacific coast. The economic conference is to be held in Winnipeg, November 16 to 18. It is expected those in attendance will include foremost political economists from all parts of the Dominion.

New Race Discovers

London.—Prof. B. N. Gorodkov claims to have found a new race of people on the River Fura, Western Siberia. He says there are five clans comprising more than 600 persons. They call themselves "Neshen," which means men or people. They have dark hair and complexion and their language is different from that of any tribe of the Western Siberian region.

More Communists Arrested

London.—Scotland Yard has announced the arrest of a Russian Communist party in Great Britain since its formation, and John Thomas Murphy, a frequent contributor to the Communist press, on charges of conspiring to incite sedition and murder.

Unusual Charge For Arrest

Jefferson City, Mo.—Lieut. Fred C. Nelson, United States military air service, charged arrest on a charge of "driving," killing and capturing a Canadian plane from and with the aid of an aeroplane. The unusual complaint was filed by a federal game warden.

Disarmament Move Would Be Welcome

Suggestion Is Good One In Opinion Of London Editor

Chicago.—If President Coolidge should initiate and carry through a movement for world disarmament at this time, he would be considered as "one of the greatest benefactors of mankind."

A. B. Owen Jones, London, England, editor of The Paxton Magazine and of The British Printer, so declared in an address reading the 19th annual convention of the United Typothetae of America.

"If for no other reason than an economic one," he said, "we welcome with warmest wishes the suggestion that President Coolidge should initiate a movement for disarmament."

Australia Reserves Decision

Cabinet Awaiting Government Approval On Locarno Pact

Sydney, N.S.W.—Commenting on the security pact Premier Bruce emphasized the fact that the agreement specifically awards the British Dominions and India from the obligation therein contained but makes provision whereby the Dominions can endorse the pact if they so desire. The question of Australia's acceptance of commitments can only be determined by the Commonwealth Parliament, and the Australian cabinet has not yet reached a decision on the point he said. "It will not assume any commitments under the pact without parliament's express approval," he declared, and only after the fullest discussion and consideration.

Dominion To Be Represented

Canada Sending Radio Delegates To U.S. Meet

Ottawa.—The department of marine and fisheries will be represented at the fourth United States radio conference at Washington, commencing on November 9, by C. P. Edwards, director of radio for Canada.

The conference is being called by the United States department of commerce, primarily to discuss radio matters in the United States, but following the precedent of previous years, Canada, Mexico and Cuba have been asked to send representatives in order that there may be co-ordination in the development of radio in North America.

France Carries On Costly War

Heavy Losses In Connection With War On Morocco and Syria

Paris.—France has lost more than 17,000 men and has spent 3,000,000,000 francs in Morocco and Syria since she took over the protectorate and assumed the League of Nations mandate over Syria. Such is the information imparted to the finance committee of the Chamber of Deputies by Premier Painleve. In Morocco 2,176 men were killed and 5,287 wounded or are missing. The cost in Morocco has been 350,000,000 francs and in Syria more than 2,000,000,000 francs.

WHEAT POOL OF SASKATCHEWAN SUBMITS REPORT

Regina.—Slightly over half a cent a bushel, or \$319.52, was the cost of the first year's operations, ending July 31, 1925, of the Saskatchewan Wheat pool, according to the directors' report presented at the first annual meeting of the pool delegates held here. Altogether 140 delegates were present.

The expenses were summarized in the financial statement as follows: Management, \$35,745; Regina office and salaries, \$135,050; Winnipeg office and salaries, \$5,396; adjustment of pool and market averages with elevator, \$141,947; sundry, \$6,304; preliminary expenses of wheat pool, \$32,547; preliminary expenses of co-operative grain pool, \$2,092; total, \$479,572, less earnings, \$159,051.

The full deduction of two cents a bushel for acquiring handling facilities was made amounting to \$159,051. The board also decided that the full deduction of one cent for creating a market reserve amounting to \$159,463 should be made. This money was loaned to the co-operative selling agency at six per cent interest.

Among the visitors at the meeting were Colin Burnell, president of the Manitoba wheat pool; D. L. Smith, Winnipeg, sales manager of the central selling agency; E. J. Farmer, Winnipeg, director of publicity for the central selling agency; John Bull, Winnipeg, director of publicity for the Manitoba pool.

PROBLEM TO FIND WHEAT WHICH WILL RESIST RUST

Moore Jav., "Have patience, do not try to hurry the agricultural scientists engaged in fundamental research work."

There are 17 different kinds of rust which will attack growing wheat in Canada and it is a big problem to find a variety of wheat which will resist all kinds of rust and produce satisfactorily. This was the message delivered by Dr. Charles Saunders, Dominion cerealist and discoverer of Marquis wheat, when he addressed a joint meeting of Moose Jaw Agricultural Society, Board of Trade, and the Canadian Club here.

J. L. Bryant introduced the speaker as a specialist who had discovered Marquis wheat and made it possible to conduct successful farming operations on the western plains.

"I am touched by the welcome which I have received by the audience," declared Dr. Saunders in opening his address. "I feel that I am a pioneer in Canadian agricultural development and am sufficient reward for my efforts in the appreciation of the work."

He also expressed the opinion that the pension granted to him was due to the efforts of the western people, especially those living in Saskatchewan, and he thanked them.

Dr. Saunders discussed the development of wheat breeding into three periods:

1. 1850-1902.—Dr. Saunders, Sr., introduced work at Ottawa.

2. 1902-1922.—Dr. Saunders, the speaker, carried on the work.

3. 1922 to present time.—Development of a satisfactory rust-resisting wheat being made by experimental work.

Association Of Canadian Clubs

General Headquarters Are Now Located In Ottawa

Ottawa.—The headquarters of the Association of Canadian Clubs have been located in Ottawa. At the recent convention held at Port William and Port Arthur, certain changes were made with a view to carrying out the program of the association. The following executive committee will have charge of the association's affairs for the coming year: C. G. G. Corbin, general president; Mrs. G. H. Thorburn, president of the Ottawa Women's Canadian Club; Hon. Mr. Justice Rigney, Surgeon General of Canada; Dr. B. J. McLean, assistant commissioner of the Dominion of Canada; C. A. Gray, central treasurer.

The executive committee has appointed A. Greene as permanent secretary. Mr. Greene has for some years been honorary secretary of the Ottawa Canadian Club.

Increase In Pulp Exports

United States Will Soon Depend On Canada For Newspaper Supply

Montreal.—Canada's enormous exports of pulp and paper to the United States have increased more than any other single item in the Canadian dollar bill to par and maintaining it at its proper value, declared speakers at the eighth annual convention of the Canadian Paper Trade Association, here.

R. I. Finlay, president of the association, said exports were growing by leaps and bounds and the time was not far distant "when the United States would be entirely dependent on Canada for its newspaper."

Foot and Mouth Disease In Britain

Ottawa.—An outbreak of foot and mouth disease among cattle near Manchester, England, has been reported to the department of agriculture. As a consequence of the outbreak, no cattle will be allowed to land near the port of Manchester. There have been no other changes in the regulations governing cattle shipments and the Canadian export trade is proceeding normally.

Japanese Trade Competition

Chicago.—Great Britain's army of unemployed is great because of the industrial growth of Japan. The United Typothetae of America's convention was told by a speaker from Japan, Mr. Goodwin in director of the Federation of Master Printers of the United Kingdom and Ireland.

Japanese competition with Great Britain is especially keen along textile and machinery lines, Mr. Goodwin said.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thurs., Oct. 29, 1925

RED CROSS DAY.

OCTOBER 31st, 1925

Following is a message from His Honor the Lieutenant-Governor of Alberta, president of the Alberta Division, Canadian Red Cross, to the people of Alberta:

Citizenship is a birthright of freedom and justice. While it carries many honors and privileges as well as many responsibilities. True citizenship is the recognition of the rights of others, and not the living of a self-centered life, wrapped up in the welfare of self and family, oblivious to the needs of our neighbors. The sacred duties of citizenship embrace the rendering of assistance to those less fortunate than ourselves, and to those in distress in times of disaster or epidemic. We must see that our pioneers in outlying districts are provided with properly equipped hospitals, and that they have the ministrations of nurses, properly trained and adequately trained. We should see that a proper crusade of health education is maintained, so that preventable diseases will be avoided.

All those things cannot be accomplished by a single individual; they cannot be accomplished by the health authorities, or even by legislation alone, but they can be brought about by the sympathy, the whole-hearted goodwill, and the financial support of all our people enthusiastically engaged in a crusade for better living conditions. To be of service, this support must be effectively and efficiently organized and administered. I firmly believe the Red Cross offers the most effective channel for the direction of such service.

The activity of the Alberta Red Cross in establishing and maintaining outposts hospitals is very commendable and praiseworthy. Already five of these institutions have been established and are rendering inestimable service to the families of the pioneers residing within the zones of their activities. They are a part of Godsend to the women and children who otherwise would be without trained assistance during the critical period of their lives. The lives of many women and infants have been saved by the timely ministrations of the Red Cross nurse at the outpost hospital. These outposts act in a dual capacity, performing the functions of both a hospital and a health centre, helping to improve the conditions of those sick, and assisting in maintaining the health of those who are well.

The Red Cross is an unselfish service, intelligently administered, but it requires your assistance to enable it to carry on its good work and to extend the scope of its activities into districts where they are so urgently needed. In making this appeal to the people of Alberta, I do so with a firm conviction that it will not fall upon deaf ears. I appeal to you to help the Red Cross "carry on." There is urgent need for funds. With the approach of winter will come the calls for help. Nursing service and outpost hospitals must be maintained, the crusade of good health must go on. Everybody can help. Even if the donations are small, their numbers will swell them into a great sum.

On October 31st, "Red Cross Day," I want a special effort made in every community in Alberta. There are numerous ways in which funds can be raised. Your community can hold a concert, a dance, a tea, a bazaar, a sale of home-cooking or some other form of entertainment and send the proceeds to the provincial office. An enthusiastic citizen in each community can obtain grain pledge cards and interview the farmers in their locality who will be found only too willing to help by donations of grain. All that is needed is a real willing worker, actuated by the desire to help the less fortunate within our midst. What are you willing to do? Your best?

Sincerely yours,

E. G. BRETT,
Government House, Edmonton,
October 27th, 1925.

Samuel Crawford, who last week met with a gun accident, is rapidly recovering. The bullet passed through the fleshy part of the leg above the knee, and the wound is healing, so that Mr. Crawford is now able to be around.

By-elections to fill six vacancies in the Alberta legislature, created by the resignations of members who have entered the federal field, will be held before another session, but as yet no date has been fixed for these elections. The vacancies in the house were created by the resignations of the following members: C. W. Cross, Edouard, S. G. Tobin, Leduc; T. C. Milner, Claresholm; A. H. McLeannan, Edmonton, Limerick; and Dr. Stewart, Lethbridge, Conservative; and W. M. Davidson, Calgary, Independent.

THE PASS TEN YEARS AGO

(Blairmore Enterprise, 1916)

Mrs. W. H. Muncester last week received a letter from the post office department at Ottawa, which had been forwarded by her, addressed to the Old Country, and was recovered from the wrecked Empire of Ireland. The writing was quite legible.

January 22.—The marriage of Miss Marguerite Latta, of Conley, to William Colvin, of Calgary, took place at Calgary on Friday last.

The store of T. Lebel & Co., at Fincher Creek, was gutted by fire at an early hour on Tuesday and damage to the extent of many thousands of dollars was done.

D. Wilson has just completed the installation of an electric starting outfit on D. A. Sinclair's Ford. The battery is the first to be installed in a Ford car in this vicinity and promises every satisfaction.

Ex-Mayor Harry J. Matheson, of Sentinel, was in town today. He reports that at a recent meeting of the ratepayers of Sentinel, Tom Bumblebee was elected mayor with a majority of 11,612, being one for every iron cross presented to Germany for successfully putting to death innocent Belgian babies.

J. W. Gresham, who left here last week for Medicine Hat, has been accepted for service as quartermaster to go to the front with the third Canadian contingent.

Miss Dora Ross, daughter of Rev. David Ross, of Lethbridge, is the guest of Mrs. F. M. Pinkney.

January 29.—R. Hansford, formerly of Calgary, has accepted a position as electrician with the Okotoks Power and Light Company. Mr. Hansford's wife is a niece of Mrs. J. M. Carter, of Blairmore.

Mrs. Walter Nelson died suddenly of heart failure at Coleman on Monday.

At the regular meeting of the town council on Monday night, the council refused to sanction an account from L. W. Krebs & Co., purporting to be for goods supplied M. Rossi, because the order was filled without the knowledge of the relief committee. Councillor Rossi will likely have the opportunity to display his good citizenship by paying this \$3.85 himself.

J. A. Barbour, formerly of the famous Taber Cooks' hockey team, has accepted a position as prescriptionist at the local drug store.

Mr. T. Eide, our pioneer solicitor, does not want the people of The Pass to think that he would retire after having been in practice for only thirty-seven years.

H. G. and Mrs. Bigelow and children left for Ontario on Thursday night. Owing to failing health, Mr. Bigelow is obliged to seek a lower altitude and intends to spend some months on a farm in the hope of recuperating. A farewell party was accorded them in the I.O.O.F. hall the night before their departure.

February 13.—L. Dutil, of the Blairmore Hardware Company, has invested in a new Ford automobile and on Sunday last had a lease of several of the town streets for educational purposes. They say that he is now qualified to operate the machine, although not quite entitled to a certificate of competency until he has run over a few cats, dogs or human beings.

A dance will be given in the Lundbreck hall on the night of Friday, November 13th.

Ducks and geese in very large numbers are moving southward the past few days.

The grading of the new road from the main trunk road east of the Frank Slide, and connecting with the Hillcrest road at the Hillcrest Collieries' spur, is being rushed. This new road is occasioned through the prospect that the old crossing at the west of the Hillcrest station may be discontinued.

THE LANGUAGE OF STAMPS

Placed upside down on the left-hand corner of the envelope, it means that the writer loves you. If crossed on the opposite corner, "My heart belongs to another and can never belong to you." Placed in the proper way in the same corner: "Good-bye for the present, dearest." If at right angles on the left-hand top corner: "I hate you." The left-hand corner at the bottom, placed in the same way: "I wish or desire your friendship, but nothing more." Left-hand bottom corner, upside down: "Write soon." If put on a line with the surname on the left-hand side, it means: "Accept my love." If upside down in same position: "I am already engaged." If placed upside down in the right-hand corner, it asks: "Do you love me?" If on the right-hand side of the surname, proper way: "I long to see you; write immediately." At the bottom right-hand corner, crosswise: "No." At the same place, upside down: "Yes."

THANKSGIVING DAY

Thanksgiving Day has been set this year, in accordance with recent custom, for the Monday of the week in which Armistice Day falls. Thanksgiving Day will accordingly fall this year in Monday, November the 9th.

Armistice Day, Wednesday, November 11th, will be observed as formerly all over the country with the sale of poppies made by disabled veterans, to commemorate the conclusion of hostilities in 1918.

Word was received on Thursday last from Camp Borden that Pilot Officer T. G. Matthews, taking a flying course at the aviation school, was killed in an airplane crash. Young Matthews was the son of Major Robert Gordon Matthews, formerly of Calgary and Macleod, and now of Kailspell, Montana.

Just about it! A flapper in a girl who powders her face, bats her hair, and says: "Clothes, I'm going out; if you want to come along, hang on." —Owen Sound Times.

THIRD ANNUAL ROAD RACE AT LETHBRIDGE

On Thanksgiving Day, November 9, the annual road race organized by the Lethbridge Herald and the Y.M.C.A. will be run at Lethbridge over the usual three-mile course. This race was first instituted two years ago and is open to all amateur runners in the province who reside south of the town of Alderside.

The magnificent challenge cup presented by Senator W. A. Buchanan has already been won twice by Fred Leese, of Coleman, and in the event of his passing the tape first in this year's race again, it will become his for keeps. However, "there's many a slip" and there are some dark horses training for the event who will at any rate see that the present holder has to extend himself all he knows to win.

There is also a boys' race in connection with the big race, for boys between the ages of 14 and 16 years. Gold, silver and bronze medals will be presented to the winners of first, second and third places, respectively, in each race.

It should be noted by intending entrants that the possession of amateur cards for competitors in both races is essential. Application forms for amateur cards can be obtained from the secretary of the Alberta branch of the A.A.U.A., Mr. John Leslie, City Police Headquarters, Edmonton, and a fee of fifty cents should be enclosed when returning the filled-in application form to him. For those under 18 years of age, no fee is charged.

Entry forms for both senior and junior races can be obtained from the general secretary, Y.M.C.A., Lethbridge.

Mr. Alex. Cameron has returned to Coleman, after spending the summer on his fruit farm near Wyndel, B.C.

Alderman Dr. T. H. Crawford died at Calgary on Saturday morning, following an operation some days previous.

The second bandit connected with the Creston bank robbery is said to have been captured near Yank. The first chap gave his name as John Ward, claiming to have come from Frank, Alberta, but citizens of Frank Valley view ranch near Beaver Mines claim that no person of that name has resided there. He may be a former Frank citizen who has assumed another name.

KILL INCOME TAX AND ENCOURAGE TRADE

"What can be done to encourage and stimulate trade throughout Canada?" On all sides business men are asking, "What is the matter with business? What should be done to change present conditions?" These are practical questions and they should be answered. All sorts of suggestions are made with a view to remedying these conditions, some favored or greater immigration, others increased tariffs, others an excise tax on raw materials, but most of all, the consensus of argument is a reduction in government expenditures and strict public economy. The question uppermost, though, is how can increased trade be brought about? Everyone unanimously agrees that the present rate of taxation in Canada is too high, too expensive, and that relief must be secured. The most objectionable tax is the income tax. It should be removed. It has a most deterrent effect and discourages the business people of Canada from putting their money into circulation, both in private as well as public enterprises. If the income tax is removed we believe it will allow capital a freer scope and will greatly increase business. Remember it is the business activities of the people themselves which make a nation prosperous or otherwise. Now is the time to urge the abolition of this tax while the general election campaign is on—go to it; pledge your favorite candidate. More than that, get your associations and organizations working. Let's accomplish something this year if we can.—Commercial Review.

A chap named Guthro has been given a prison term for theft at Vancouver.

On Monday evening last, the local branch of the Women's Auxiliary of the Church of England was re-organized. Mrs. Wheatley was elected president and Mrs. Packer as secretary-treasurer.

Mrs. W. Clemens and her son Jerome, of Boulder, Colorado, have been visiting Mr. Carl Smith and family here, and are now staying for a while at the home of Mr. Dex Smith, at Frank, Alberta, but citizens of Frank Valley view ranch near Beaver Mines claim that no person of that name has resided there. He may be a former Frank citizen who has assumed another name.

Mrs. Clemens is a sister of the late Mrs. Dex Smith. Mr. Clemens is a relative of Mr. S. L. Clemens, the well known "Mark Twain."

WHO IS GETTING SMART?

The Summerland Review this week carries an advertisement of the M. G. Wilson Company, of that place, advertising "Christmas" apples for the old country at \$0.50 per box. Without thought of the tariff question or the troubles of the fruit men, we would like to ask the amateur employees of Trail just what they really think of the question of apples at \$0.50 per box, or, a system, practice, or situation, or whatever you mind to call it, that produces such a condition, or what do you candidly think of a "fruit dumping act" that permits of such extravagant prices for one of life's necessities?

Some of our politicians are making capital of the fact that our member voted, or allowed to pass without protest, a lowering of the tariff on apples and charges him with working to the detriment of the fruit growers. Apples at \$0.50 per box don't look much like anyone is being hurt except those who are compelled to buy apples. Of course the people of Trail are not accustomed to eating real apples. All we get is what can not be shipped out of the country. Windfalls, bruised, dirty, wormy, scabby apples that cannot be marketed anywhere else, is what has been sent to Trail for the past five years and for the fruit men to complain of unfair treatment in the face of conditions at present prevailing is simply to infer that the average man is an easy mark and an ignoramus.

In view of the present advantageous condition, the fruit men are not justified in asking the provincial government for financial assistance in perfecting their organization. It would seem that their organization is already too well perfected. So far as Trail is concerned we would be infinitely better off if fruit was permitted to come in duty free. We usually pay about \$2.25 to \$2.75 per box for culls while good apples are retailing on the Spokane market for \$1.50. Okanagan apples were retailing in Edmonton last month at about the wholesale prices charged our local merchants. In other words, we are not friendly to any proposition that would further increase the profits of the fruit men at the expense of the public and the contention that they are not being well treated under existing arrangements is not well grounded. People should not be led astray by the hokus pokus of campaign exuberance.—Trail News.

Great Soprano Greet "Grand Young Man" of C. P. R.

Marie Jettina, famous singer, at Canadian Pacific Windsor Station, Montreal, with a bouquet presented to her by her husband Col. George H. Ham, of the C.P.R. This was one of the first questions asked by Marie Jettina, the most celebrated soprano of our time, when she visited Montreal on October 19th, 1922. She expressed regret when she learned that the Dean of Canadian Journalists was indisposed, and she sent him a bouquet of candy roses in a candy vase with the wish that he may long continue to be "lovely as the roses and sweet as the candy." Colonel Ham sent Jettina a bouquet of cut flowers.

When Jettina was last in Montreal on March 12th, 1923, Colonel Ham conducted her around Canadian Pacific Windsor Station. Since that time she sang in many countries, being hailed everywhere as a goddess of song and a queen of beauty.

Seldom do we have such personal charms and the gifts of a great voice and wonderful dramatic powers being combined as there are in Marie Jettina.

A few weeks ago she sang in Covent Garden, London, with great success, winning the plaudits of great audiences.

Jettina includes English in the many languages she speaks, and at Windsor Station, Montreal, she had an interesting chat with the engine men who guided her train to Toronto, where she sang on October 19th. She gave the engine men some roses from bouquets received from appreciative members of her Montreal audience.

In private life, Marie Jettina is the wife of Baron Popper of Vienna, described by Colonel Ham as "one of the finest looking men I have ever seen." Baron Popper stands well over 8 feet in height—He and the golden haired, blue eyed, pearl mouthed Baroness make a perfect pair.

Jettina spends most of the winter singing at the Metropolitan Opera House, New York.

A young man and woman, identified as Mr. and Mrs. G. C. Robinson, of Lethbridge, were found dead in their car, which had become stalled on the road near Great Falls, Montana. The young couple were victims of asphyxiation.

Transportation Problems

Says Ocean Combine Extracts Large Sum From Settlers

W. T. B. Preston, investigator of the North Atlantic combine, declares the steamship combine has extracted \$60,000,000 from settlers coming to this country. Mr. Preston expressed confidence that there would be a population of 25,000,000 in Canada within twenty years if the people of today assisted in breaking transportation combines on both land and sea.

BARRE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.

"BARRE, SON OF KAZAN," a Vitaphone Picture, With Wolf, the War Dog. Is an Adaptation of This Story

SYNOPSIS

McTaggart, the factor, had gone to the cabin of the train to try to claim Pierrot's daughter, Nepeese, as his bride. Nepeese felt him to the brink of the chasm. He put his arms about the girl, but she, having fared up in her, freed herself and pushed him over the brink and into a pool twenty feet below. Then returning to the cabin, Nepeese fondled Barre, the wolf-dog. Her touch thrilled the young untamed animal. Under her caress his eyes closed, but at sound of her voice they shot open again.

CHAPTER XIV.—Continued.

"He will come here—that beast—and he will kill us," she was saying. "He will kill you because you bit him, Barre. Ugh, I wish you were bigger and stronger so that you could take off his head for me!"

She was untying the tabble from about the table-leg, and under her breath she laughed. "She was not frightened. It was a tremendous adventure—and she trooped with exultation at the thought of having been the man-beast in her own way. She could see him in the pool struggling and beating about like a great fish. He was just about crawling out of the chasm now—and she laughed again as she caught Barre up under her arm.

"Oh—omphano—but you are heavy!" she gasped. "And yet I must carry you—because I am going to run!"

She lurched outside. Pierrot did not come, and she darted swiftly into the balsam back of the cabin, with Barre hung in the crook of her arm, like a sack filled at both ends with the wolf-dog. She felt like that, too. But he still had no inclination to wriggle himself free. Nepeese ran, with him until her arm ached. Then she stopped and put him down on his feet, holding to the end of his caribou-skin thong that was fastened about his neck. She was prepared for any lunge he might make to escape. She expected that he would make an attempt, and for a few moments she watched him closely, while Barre, with his feet on earth once more, looked about him. And then the Willow spoke to him softly.

"You are not going to run away, Barre. Now, you are going to stay with me, and we will kill that man-beast if he dares do to me again what he did back there." She hung back the loose hair from about her flushed face, and for a moment she forgot Barre as she thought of that half-minute at the edge of the chasm. He was looking straight up at her when her glance fell on his profile. "Now you are not going to run away—you are

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

"Verdun, Montreal, Quebec." "I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and I have great faith in it. I can safely say it has relieved my troubles and I shall never be without it again in my house. Since my last baby was born I suffered from pains and backache and would feel so tired I could not do anything in my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Purifier I feel so different. I recommend it to all my friends and hope it will cure other women who are suffering from the troubles I had."—Mrs. THOS. H. GARDNER, 821 Evelyn Street, Verdun, Montreal, Quebec.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for the new mother. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the nursing mother. He worth in restoring a mother to normal health and strength is told again and again in just such letters as Mrs. Gardner writes.

A recent canvass of women users of the Vegetable Compound shows that 88 out of every 100 women taking the medicine are benefited by it. Write and tell us now. Such evidence entitles us to call it a doctor's recommendation for women. It is not sold by druggists everywhere.

W. N. U. 1699

going to follow me," she whispered. "Come." They came at last into an open. It was a tiny meadow in the heart of the forest, not more than three or four times as big as the cabin; underfoot the grass was soft and green, and thick with flowers. Straight through the heart of this little oasis trickled a streamlet across which the Willow jumped with Barre under her arm, and on the edge of the willow was a small wigwam made of freshly cut spruce and balsam-boughs. Into her dimly-lit meadow the Willow thrust her head to see that things were as she had left them yesterday. Then, with a long breath of relief, she put down her four-legged burden and fastened the end of the babiche to one of the cut spruce-limbs.

Nepeese shivered and rose to her feet. For the first time Barre got up, and he stood close at her side. Above them a lightning flash cut the clouds like a knife of fire, followed in an instant by a terrific crash of thunder. Barre shrank back as if struck a blow. He would have sunk into the earth at the crash of the thunder, but there was something about the Willow as he looked at her which gave him confidence. The thunder crashed again. But he retreated no farther. His eyes were fixed on Nepeese.

As that night, it may be, the Spirit of Storm was born in Nepeese. She loved to face it, as was facing it now. It made her forget all things but the splendid might of nature; her half-wild soul thrilled to the crash and fire of it; often she had reached up her bare arms and laughed with joy as the deluge burst about her. Even now she might have stood there in the little open until the rain fell if a white from Barre had not turned her head. As the first big drop struck with the dull thud of leaden pellets about them, she went with him into the balsam shelter.

Once before Barre had passed through a night of terrible storm—the night he had hidden himself under a roof and saw the tree driven by lightning; but now he had company, and the warmth and soft pressure of the Willow's hand on his head and neck filled him with a strange courage. He growled softly at the Spirit of Storm. He wanted to snap at the lightning flashes. Under her hand Nepeese felt the stiffening of his body, and in a moment of uneasy stillness she heard the sharp, uneasy click of his teeth. Then the rain fell.

CHAPTER XV.

For a long time after Pierrot left them the Willow did not move from where she had seated herself beside Barre. It was at last the descending shadow of a new sun in the sky that roused her from the fear of the things Pierrot had told her. When she looked up, black clouds were massing slowly over the open space above the spruce-tops. Darkness was falling. In the whisper of the wind and the dead stillness of the thickening gloom there was the stifled brewing of a storm.

Nepeese shivered and rose to her feet. For the first time Barre got up, and he stood close at her side. Above them a lightning flash cut the clouds like a knife of fire, followed in an instant by a terrific crash of thunder. Barre shrank back as if struck a blow. He would have sunk into the earth at the crash of the thunder, but there was something about the Willow as he looked at her which gave him confidence. The thunder crashed again. But he retreated no farther. His eyes were fixed on Nepeese.

As that night, it may be, the Spirit of Storm was born in Nepeese. She loved to face it, as was facing it now. It made her forget all things but the splendid might of nature; her half-wild soul thrilled to the crash and fire of it; often she had reached up her bare arms and laughed with joy as the deluge burst about her. Even now she might have stood there in the little open until the rain fell if a white from Barre had not turned her head. As the first big drop struck with the dull thud of leaden pellets about them, she went with him into the balsam shelter.

Once before Barre had passed through a night of terrible storm—the night he had hidden himself under a roof and saw the tree driven by lightning; but now he had company, and the warmth and soft pressure of the Willow's hand on his head and neck filled him with a strange courage. He growled softly at the Spirit of Storm. He wanted to snap at the lightning flashes. Under her hand Nepeese felt the stiffening of his body, and in a moment of uneasy stillness she heard the sharp, uneasy click of his teeth. Then the rain fell.

Famous Men Unknown

To Chinese Prince

Had Never Heard of Clemenceau, Lloyd George or Wilson

Sir John Jordan used to tell some first-rate Chinese stories. One related to Prince Ching, the direct descendant of the famous Confucius and much revered in China. Prince Ching, who lives in the heart of that vast country, was invited to Peking by the Chinese Government shortly after the war. When entertained at a great banquet he was asked by one of the foreign ambassadors what he thought of the decisions of M. Clemenceau, Mr. Lloyd George and President Wilson. The prince, a most courteous gentleman, replied with much politeness, "I regret that these names are new to me!" Such is fame!

For COLIC AND CRAMPS PAINS IN THE STOMACH There's Nothing Equal

Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY

It has been in use for over 60 years; its action is pleasant, rapid, reliable and effective, and called "the great stomachic" by the medical profession.

"Don't accept a substitute." The genuine is put up only by the K. M. L. Co., Ltd., London, England.

U. S. Settlers Success

Satisfied Settler Tells of Advantages Alberta Has to Offer.

Among numbers of letters recently received by the Edmonton board of trade from former residents of the United States who have settled on farms in Alberta is the following from Mrs. D. H. Wood, of Eagle Hill, Alberta, who with her husband came to the province from Everett, Washington, in 1913:

"Mr. Wood and myself moved to Edmonton from Everett in 1913," writes Mrs. Wood. "My husband was superintendent and general manager of the National Paying Company from that date until war was declared in 1914. When things in Edmonton shut down, we moved to our farm, 14 miles west of Olds.

"We started with 400 acres—all raw land, but 70 acres—our poor buildings, cattle and sheeping; grubbing, clearing and breaking our wooded land; putting up serviceable buildings; moving off and renting the place; starting up again and having to stock up on horses, cattle and machinery, going to the States several times, etc.

"Now, however, we are stocked up again, and intend staying on the farm. I am confident Central Alberta is much better than anything the United States can offer. We have 800 acres of land now (half being in cultivation), with good buildings, good water, shelter, flowing springs in pasture, and can raise good grain crops. We are located half a mile from school, and one mile from the post office and general store.

"We have the best of chocolate land, good roads and good neighbors, all of whom have telephones, autos and good outfits.

"We need American settlers, and I have always done everything I could to encourage their coming here. Through my efforts, quite a number of them have already located in this district, and some are moving here this fall."

No need to suffer with corns, or to run the risk of pulling them. Remove them sure and painlessly with Holloway's Corn Remover.

Refuse To Take Chances

Edmonton Registrar Has to Cancel Marriage Certificate No. 13

There is a marriage certificate in the office of the registrar of vital statistics which has three times been offered to prospective bride and three times refused. It bears the legend, "Cancelled, no one will accept." This is because it is No. 13, is a new issue of certificates. One bride refused on the ground that she had had luck enough already in her choice, and anyway she was 13 years older than her husband; and one 13 in the deal was enough. The next couple said that while they were not superstitious, it is a thing like marriage you can't afford to take chances. The third couple were from the country—two young things just starting life together. The tender-hearted registrar took a look at the hapless girl, started to ask the old question, and then stopped. He hadn't the heart to try to get rid of the unlucky thirteenth certificate to no young couple. Besides, they wouldn't take it anyway.

To Rescue Armenian Girls From Slavery

League of Nations Appropriates \$150,000 For This Work

Thousands of girls sold into slavery in Asiatic Turkey as a result of Armenian deportations during the Great War, have been rescued under a new movement started by the League of Nations.

The league assembly has appropriated \$150,000 to be employed in the rescue work, which already is in progress, but has been hampered by lack of funds. It is estimated that 2,500 can be saved in the region of Ispahan, the centre of the district, where, in 1916, the adult remnants of the deported Armenians were massacred and thousands of the children were sold into domestic slavery.

About 10,000 cases already have been rescued.

Hand-painted knees are the latest thing according to some authorities. The time may come when the lessons learned at mother's knee will be illustrated—New Yorker.

The constant clasp of your hammer may be too new for you. The constant clasp of other hammers means that you have succeeded.

Locomotive Burns Up Rails

Driving Wheels Ground Them Away

When Throttle Jammed

Crows' gathered at the Pennsylvania railroad station at Hingham, Pa., and for five minutes watched a strange battle between a locomotive and its engineer.

The throttle of a locomotive hauling a passenger train jammed, steam could not be shut off and its great driving wheels whirled on the tracks. The brakes were to paper thickness, discharging long comet tails of sparks, while the rails grew red, straw color and white hot as the drivers ground them away.

Trainmen fought the dog in the firebox with a garden hose while the engineer wrestled with the recalcitrant throttle lever. When finally the steam died out and there was no more power, the rails were found to be useless with technical grooves.

It was two hours before new tracks could be laid. Meanwhile all traffic was re-routed.

Division officials cannot recall a similar mishap.

Must Avoid Sectionalism

Sir Arthur Currie Sees Great Future For Agriculture In Canada

"There must be no sectionalism," said Sir Arthur Currie, principal of McGill University, in an interview at Vancouver, after referring to the optimism with which he looked to Canada's future.

"The three fundamental things on which we must base our future," continued Sir Arthur, "are agriculture, manufacturing and transportation. I see a most prosperous outlook for agriculture, for the world is steadily increasing the demand for products of the soil. In this connection I favor government encouragement of the science of agriculture and there ought to be demonstrators always available."

Ready-made Medicine—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchitis, it is a lifesaver; for neuralgia, burns, rheumatism, it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no other than the use, and that will satisfy anyone as to its effectiveness.

A fossil tree, 70 feet long, and estimated to be 1,000,000 years old, has been unearthed in Assaol mining region of Bengal, India.

Don't think that free-will gives you the right to do whatever you like, regardless of the rights of others.

RE-BLOODED MEN AND WOMEN

Get More Pleasure Out of Life and Are of More Use in the World Than Sickly, Run Down People

Help for Nervous People

Are you pale and weak, tired most of the time, out of breath on slight exertion?

Are you nervous, is your sleep disturbed so that rest does not refresh you?

Is your appetite poor, your digestion weak and do you have pain after eating?

If you have any of these symptoms you need the help of such a reliable tonic as Dr. Williams' Pink Pills.

Read what Mr. W. W. Francis, of Calgary, Alta., says of this tonic. "After returning from overseas," writes Mr. Francis, "my whole system was in a badly run down condition. I became nervous, irritable, pale and lost weight. Of course I was given treatment and recommended many tonics, some of which I took, but with no apparent result. At last I could not sleep again. My sister, who is in England, wrote and urged me to give Dr. Williams' Pink Pills a trial, and I can scarcely say how glad I am that I took her advice. My trouble was cured, my appetite improved, my digestion better, and I feel like a new man."—Mr. Williams.

Keep Your System Toned Up

Dr. Williams' Pink Pills assist digestion, strengthen the heart, purify the blood, and the pallor of the face and lips to the rosy tints of this, impure blood.

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuritis, nervousness. "Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box and begin this treatment now."

Send For These Health Books

Two useful books, "Building Up the Blood," "What to Eat and How to Eat," will be sent free by The Dr. Williams' Medicine Co., Brockville, Ont., if you mention this paper.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail, post paid, on receipt of price, 50 cents per box.

WORLD HAPPENINGS
BRIEFLY TOLD

The Glasgow city council, by a vote of 40 to 36, resolved to ban all alcoholic liquors at civic banquets.

New York University has inaugurated its fourth year of college. More than a million students tuned in on the radio broadcast lectures last year. Finding of a necklace made of dental shells and ivory beads, valued at \$25,000, years old, at Los Angeles, is announced by the museum of Beloit College, Chicago.

Christian Krogh, noted Norwegian painter, is dead at the age of 73. He devoted himself largely to portraying sailors and fishermen and landscapes of a simple type.

An amateur at Perth, West Australia, has received a radio message from Sweden, transmitted with a power of only 18 watts. It is claimed this is a world's record.

William Dinesen, a pioneer of the business life of Copenhagen and one of its best known citizens, is dead, aged 87. Mr. Dinesen for many years represented the Roman Catholic citizens on the board of education.

A footstep monoplane which can be held in the air with any one of its three motors and will travel at a 100 mile an hour ship, without control by human hands has been successfully demonstrated by Anthony H. G. Fokker, noted Dutch designer.

The United Kingdom Alliance the largest temperance organization in Great Britain, is organizing a big campaign for the coming winter. The alliance states its object is fight for local option rather than for out and out prohibition.

A string of 302 pearls, valued at \$30,000, lost more than a year, has been turned over to Paris officials. The finder of the pearls neglected to return them for a long period of time and then feared to make a report because of official questioning.

Active preparations have begun for the Amundsen-Borchgrevink expedition to the North Pole in 1928. Twenty-five skilled mechanics left Spitzbergen to build an airship hangar at Kings Bay. The expedition will cost \$200,000 and Lincoln Ellsworth has subscribed \$100,000.

Char Plant At Drumheller. Lignite Products Corporation, of Buffalo, will establish a char plant at the Midland mine in Drumheller within six days. It produced a highly efficient fuel.

Every man has a right to be an agnostic; but no man has a right to be proud of his lack of understanding.

Women Can Retain
Their Good Looks

Mrs. Wm. Fletcher of 29 Cherry St., Stratford, Ont. says, "Dr. Pierce's Favorite Prescription is a tonic and nerve that I would recommend to every woman nearing middle life. I found it not only quieted my nerves, but it also relieved me of hot flashes, dizziness and backaches. Before I took the 'Prescription' I had the strangest sort of pain, like a knife cutting through my back. I took four bottles of the 'Prescription' and can truthfully say every particle of pain has disappeared and I am feeling as well as any person could."

Go to your neighborhood drug store at once and obtain this Prescription in tablets or liquid, or send 10 cents to Dr. Pierce's Laboratory, at Bridgeport, Ont. for trial package.

Prefers Orient to United States

Wealthy Bombay Merchant Says Western Civilization Lacks Spirituality

After a visit of eight weeks in the United States, Hyman Choejee, a Parsi and a wealthy Bombay merchant who sailed with his three daughters on the White Star liner *Majestic* on the last stretch of a trip around the world, found so little to like in our western civilization that he could not resist saying so. "This is the conventional dress of the high caste in India, he issued a statement to this effect. He said that our boasted western civilization was in fact not a civilization. It lacked spirituality, which is the basis of all civilization," he said, adding that we needed to be re-civilized by the east.

"In the first place, there is no respect for parents here," he said. "In India, I saw that my parents were honored, but in my own children, how do you see it? It is an respect and love within the family on which civilization rests, and this respect is sadly lacking in the western world."

"You Americans pride yourself upon your progress," he went on. "It is an amazing thing, but if you eliminate the spirit, what is there to it but so much machinery and so much confusion? You cannot build up a fine, high civilization in the way that you are progressing here."

Earache, Toothache
Now Quickly Subdued

These are the sort of ills that call for a powerful and certain remedy. When your tooth is aching, when you want ease and comfort in a hurry, you always get that quick relief from *Dr. King's Pain-Exerter*. Many who have proved the unfailing merit of *Nervine* call it "King over Pain." Certainly no family can afford to be without a bottle of this dependable medicine. *Nervine* is a protection against a hundred other ills, such as cramps, gas on the stomach, neuralgia, toothache, earache, etc. Get a 35c bottle from your dealer to-day.

Astronomical Unions

Canada Is Represented At Meeting Recently Held In England

Canada's position in the realm of astronomical research is indicated by the leading part taken by the Canadian astronomer at the annual meeting of the International Astronomical Union held at Cambridge, England, from the 14th to the 22nd of July, 1925. The union, which was formed in 1919, is now composed of 15 national committees, including a member since 1921. General meetings of delegates are held every three years for consultation and the arrangement of international co-operation in astronomy. In the intervals between these general meetings, the national committees are looked after by twenty-eight standing committees covering the various fields of astronomical research. Canada is represented at present on nine of these committees, and considering the Dominion's population, this is perhaps the largest representation enjoyed by any country.

Canada's membership in the union is on behalf of the government, through the department of the interior. The department has also consented to be organized a Canadian national committee of fifteen members to carry on the business of the union as it affects Canada.

A British Monte Carlo

Premier of Malta, Sage Government Will Give Hotel Site Rent Free

The British empire, already sufficiently varied and representative, is shortly to have added the only thing it now lacks—a British Monte Carlo. It is to be created in Malta island, which has sent many thousands of immigrants to Canada.

Dr. Hon. Ugo Mifsud, prime minister of Malta, who arrived in London on an official visit, states that his government has decided to give the site of a great new hotel rent free.

"We shall build a casino near the hotel which will face the sea," he said. Tennis courts will be constructed, swimming pools, and a polo club and race course will be easily accessible. The government realizes that Valletta, the capital of Malta, is neither modern nor gay enough to compete with Monte Carlo. "It is wide, airy and second in size, therefore, which has hitherto been kept by the military authorities, is now to be built on. It will make the city twice its present size. Modern shops, theatres and beautiful buildings will spring up."

Building Boom In Rome

Building is progressing so rapidly, particularly in suburban sections of Rome, that the municipal authorities are unable to keep pace in furnishing names for the streets, and numbers for the houses.

Aeroplane first appears in illustration of about 570 B.C.

Minard's Liniment for Colds

How Robert M. Koenig
Found Remedy for
Pimply Skin

For years my skin would break out every once in a while—and I'm not very little to help me. I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poison.

I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of getting clear of upset stomach and sick headache. Carter's are all you claim for them.

Mile-A-Minute Boat
Built In England

Fastest Cruiser Of Its Class In The World

With the object of proving that Great Britain can turn out faster motor boats than the United States, the Hon. Arthur E. Guinness has just had built to his order a cruiser which is said to be the fastest boat of its class in the world. It is fitted with a 450-horsepower Napier aeroplane engine, and has an estimated speed of a mile a minute.

The boat, which has been named the *Oma II*, weighs 31½ tons, and has accommodations for ten persons. When tested recently in rough water at Cowes it attained a speed of fifty miles an hour. It can travel in seas in which the ordinary motor boat could not live. The Hon. Mr. Guinness says his boat is considerably faster than those built in the United States for Lord Louis Mountbatten and Claude Grahame White, and he hopes to arrange races with their craft.

Automatic Phones For Russia

Provisionary agreements have been concluded between the Soviet government and the Ericsson Telephone Company, of Sweden, for the construction of three modern automatic telephone stations in Moscow, and one at Rostov-on-Don. The cost will be \$2,500,000. The government itself will spend \$50,000,000 in the re-construction and re-equipment of its present telephone system.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infestation are removed, and satisfactory growth is assured.

Dustless Roads In Stockholm

Stockholm has been made a dust-free city through the use of Ivo in which wood pulp has been dissolved. Streets and roadways are sprinkled with the by-product, which has hitherto been wasted. Two weeks after treatment with the new liquid the surface of a roadway becomes smooth and hard, as though coated with some kind of asphalt.

Many mothers can testify to the virtue of Miller's Worm Powders. Worms are not only a nuisance, but they are also a danger to the health of the child. They are removed, and satisfactory growth is assured.

Corn Culture In The West

Corn is steadily gaining in popularity throughout the west as an aid to diversified farming and it is estimated that 100,000 acres were grown in Saskatchewan last year. Although seed was scarce in 1924 and the price rather high, the acreage will probably be slightly higher this year than last.

A total of 3,010 new books were published during 1924.

Needs No Piloting Skill

Latest Type Helicopter Has Been Successfully Demonstrated

The helicopter, or autogyro invented by Don Juan de la Cierwa, made a third successful flight at Farnborough, Eng., achieving a speed of 70 miles an hour, then hovering in the air and landing gently after an almost vertical descent.

"It needs no piloting skill whatever," said Capt. Courtney, who flew the machine.

The inventor, de la Cierwa, tried about 30 designs before evolving the present type. He said that the autogyro needs a take-off space of only 20 yards and will be able to land on a ship's deck or carry mails to the centre of a city and alight with them on a platform erected above the buildings.

Rats Cause Much Damage

Britain's Annual Loss Through Rodents Is Said to Be Enormous

Owing to the recent invasion of Buckingham Palace by rats and their increase throughout the country, the Anti-Rodent Society has started its first campaign, urging housewives, storekeepers and all other patriotic citizens to "do your rat-killing early," says a dispatch from London. The country has been aroused to action by a recent statement estimating the annual loss to England through rats at approximately £70,000,000 sterling.

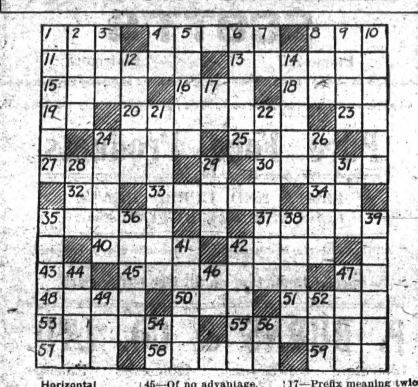

A church in Cornwall, Eng., has a sanctuatory through which the devil is supposed to pass out.

Items of Local and General Interest

Mrs. W. Bird expects to leave this week and to join her husband at Regina.

Mrs. G. A. Passmore has entered a Calgary hospital for some special treatment.

Inspector Davin, of the A.P.F., was a visitor to the Blairmore detachment on Wednesday.

Mr. and Mrs. J. C. LeMotte have moved from Okotoks to Calgary, where Mr. LeMotte has taken a position.

The stork visited the home of Mr. and Mrs. Alex. Cameron (Yellow Penant) on Monday morning, leaving a young Conservative (?).

Mrs. Chadwick, mother of Mr. Chadwick, of Bellevue, met with an accident on Wednesday last, in which she sustained a broken hip.

D.O.K.K. votaries are reminded of a regular meeting to be held at Coleman, in the Knights of Pythias hall, on Saturday at 6:30 p.m. All votaries are urged to be present.

A meeting of the Curling Club will be held in the Greenhill hotel on Thursday, November 5th, at 8 p.m. All members and those interested in curling are urged to attend.

A local Italian was one evening listening in to an election debate. Overhearing the remark that E. E. Bennett was a clever man, he remarked: "Yes, clever! Very intelligent! One time minister of injustice!"

C. F. Jamieson, barrister, of Lethbridge, who addressed the Conservative meeting here on Saturday night in behalf of John Herron, the candidate, was at one time engaged in newspaper work at Amherst, Nova Scotia.

COWLEY NOTES

Mr. and Mrs. Albert Cleland are receiving congratulations on the birth of a son.

The returns of the election will be received here by radio on Thursday evening.

John Herron was the chief speaker at a Conservative political meeting held here on Monday evening.

On Wednesday evening the Progressive political party held a meeting here, Mr. Coote being the chief speaker.

On Friday evening a Liberal political meeting was held in town, Mr. Giroux being the chief speaker of the evening. Mr. Denzmore spoke for a while, also.

A very enjoyable meeting was held at the home of Mrs. Archie Swartz on Thursday evening by the Women's Institute. A motion was passed to hold another whist drive on Wednesday evening, the 26th.

Word has been received that Miss Mary Lagarde, who lived here until a few months ago, died in hospital at Coleman on Friday, of appendicitis. Interment took place in the Hillcrest cemetery on Sunday afternoon. We extend sympathy to the bereaved ones.

Victoria Street, East End

Mrs. Hackney and Morrison, of Calgary, eye, ear, nose and throat specialists, were in town yesterday.

Mrs. C. G. Carlson has returned to town, after spending the summer months in bungalow at Waterton Lakes.

A turkey shoot is being operated in the basement of the Corner Club building, with Mr. McKenzie in charge.

We read an account of a man who slept past the time for his wedding. But, that's nothing. Lots of men don't wake up till after marriage.

An old lady, leaving church after a service which had been attended by a crowded congregation, was heard to say: "If everybody else would do as I do, and stay quietly in their seats till everyone else has gone out, there would not be such a crush at the doors!"

HILLCREST HAPPENINGS

Mr. George Cruickshank returned on Saturday from a visit to Calgary.

Miss Gladys Howcroft left here on Sunday morning's train to accept a position at Vancouver.

Wedding bells are expected to ring in Hillcrest very soon, a most popular young couple being interested.

A jolly time is being had in the Castle Hall tonight, when a free and easy hour or two will be spent by the brothers and sisters, listening in on the radio to the election returns.

The first First Aid lecture of the high school was given in the school on Tuesday afternoon by Mr. Ed. Royle, instructor. This meeting was postponed from Monday to Tuesday to enable the students to attend the Liberal meeting held in the Union hall.

On Monday afternoon, the high school students had a successful debate on the merits of the various policies advanced by the present Dominion elections. As the debaters had attended all the local political meetings and taken notes, the debate was intensely interesting, the preponderance of opinion leaning towards MacKenzie King.

A pleasant time was spent by those attending the whist drive on Friday night at the Castle Hall, given by Turtle Mountain Lodge No. 15, Knights of Pythias. Nineteen tables were operated, the winners being: ladies' first, Mrs. J. Madison; ladies' consolation, Mrs. Sherring, Frank; gent's first, Mr. John Rokk and Mr. James Calderwood tied, on the cut to decide the winner, James doing the trick; gent's consolation, Mr. Ed. Royle, as usual. After the drive, the cake was served in a splendid manner, after which the rest of the evening up to 2 a.m. was spent in dancing, with Madame Jones' orchestra supplying the music.

Hillcrest has been treated during the last few days to several meetings in behalf of the federal election candidates. On Sunday night, in the miners' hall, Mr. James Bain occupied the chair at a meeting in the interests of Mr. Coote. On the platform were Messrs. Fred White and P. M. Christophers. On Monday afternoon a Liberal meeting was held, addressed by Mr. Joseph Clarke, of Edmonton, and Mr. J. E. Gillis, of Blairmore. Mr. Tonks acted as chairman. On Tuesday night a Conservative meeting was held and was addressed by the candidate, Mr. John Herron, and Mr. C. F. Jamieson, of Lethbridge. Mr. Tonks also occupied the chair at this meeting, and in his opening remarks said he felt more at home than he did at the previous meeting. All the meetings were well attended and no doubt a heavy vote will be polled.
